Subject:	Fwd: Temporary Office Container at Trump Approved

Ara and So,

Please be advised that in early May the Board of Tract 16540 reviewed the City's original announcement of the container office being placed by the east side of the Trump driving range and we had NO PROBLEM with it after So followed up with answers to a few questions. The fact that the Tract 16540 Board members names are on the recent emails from Bob Brink and his associates is misleading. They have not spoken to us about their concerns, and we are not supportive of their complaints.

David

Hi Jeff.

Then unless you approve of Trump being allowed to place the container on the driving range, do something that is useful.

My letter to Ara below:

My Best Regards,

Bob

Hello Ara.

I am a 17 year resident of Ladera Linda in Rancho Palos Verdes, and we reside very close to Trump National.

My wife and I moved here because of the proximity to the ocean, the unspoiled open space, and the low density. This is truly a beautiful place. I have always been dismayed, and even, at times, shocked at

how the Rancho Palos Verdes city council has allowed the Trump organization to flaunt the rules (the flagpole was erected without a permit) and the spirit of what makes this community special. The continued offenses, and now, your approval of the requested permit to place a container on the driving range to house a profit center for the golf course have finally brought me to my breaking point.

By allowing this you have violated the very precepts of what makes Rancho Palos Verdes great. You have abdicated your custodianship of the beautiful surroundings, including, but limited to, our unobstructed view of the Pacific Ocean and Catalina Island, and the city itself. To paraphrase, "you are not my city council".

You now know that Chris Pisano is in contact with the Coastal Commission in an effort to put a stop to this. Since you won't do your job, the responsibility now falls elsewhere. For me, I've had it with you and all you represent. This is just plain wrong, and I will do everything in my power to fight this, and any other such irresponsible act by you or other members of the city council that negatively affects the quality of life here where we live. Further, I am inspired by our predecessors who established Rancho Palos Verdes by secession from an unmindful city of Los Angeles that didn't care about quality of life issues. That was a revolt, of sorts, and I love it.

You can still reverse your incompetent uncaring decision on the Trump driving range container, and while I am not hopeful that you will do the right thing, I implore you to dig deep into your soul and consider right vs. wrong. Try to be a better human being. I'm betting your mother raised you better than this. It's not all about you.

My Best Regards,

Bob

All,

Ara Mihranian has previously demonstrated he is one of the primary agents of Trump Organization sycophancy within our city government. Speaking with him is the doing of a useless thing.

Sincerely,

Jeff Dorsett

Really? So those of us who live here and have to live with your decisions have no say in this?

I have no idea who on this list of e-mail recipients may have asked you to deny this request, or blessed it. I doubt that anyone took the time to e-mail you to tell you this was a good idea, but everyone is welcome to his own opinion and I don't judge anyone who's opinion differs from mine. That said, this is a bad decision on your part. The Trump organization has bullied you from the time they landed here, and you continue to cower at their

feet. Shame on you.

I will restate that I moved here (17 years ago) for the peace, tranquility, low density, and unspoiled views. My opinion is that you have no understanding, much less empath, for that which you are the custodian of: maintaining that which makes Rancho Palos Verdes what it is, and my best interests in this. My personal thoughts on this? This is lazy and irresponsible decision on your part.

My Best Regards,

Bob
